Over the years Lightcraft has supplied to numerous projects from a retrofit lamp supply to a retail consumer to major installations like the Burj Khalifa Tower (The Tallest Tower in the World). A completed projects references list can be provided upon request. Some of the projects are listed in the following pages.
Dubai Airport is the largest of the Middle Eastern Airports. The airport has 3 terminals and Terminal 1 is classified as main terminal. Most major airlines use this terminal.

Lightcraft has supplied all the LED downlights in the terminal from Endo Lighting Japan.
Burj Khalifa Dubai

*Project:* Terminal 1 – Burj Khalifa  
*Client:* Depa, Fino International & Emmar  
*Stage:* Completed

**Burj Khalifa** is the tallest building in the world. The skyscraper is a world class destination and the magnificent centerpiece of Downtown Dubai.

The World’s Tallest building is surrounded by Hotels, shopping destinations and a world of entertainment.

**Lightcraft** had the opportunity to work with various contractors in the Project and supply all linear kitchen fixtures from Sylvania for all the residential apartments in the building, mirror lighting from Nippo Japan for the Armani Hotel, the Drive way lighting from Swarco – USA and the complete lighting for the office of the Chairman of Emmar.
The Address Dubai Mall

**Project:** Address Hotel Dubai Mall  
**Client:** Fino International  
**Stage:** Completed

The Address Dubai Mall, Downtown Dubai is a statement in style. Elegant and chic Hotel. Located at the heart of trendy Downtown Dubai, overlooking the world’s tallest tower, Burj Khalifa, and attached to the Dubai Mall, one of the largest shopping and entertainment destinations in the world.

Lightcraft supplied the complete lighting for all the Restaurants – NA3NA3, Karat, CABANA, Ember in the Hotel in co-ordination with DP Architects of Singapore. It involved a lot of RGB Lighting with DMX controls and Custom Made fixtures.
Fitness First Middle East is a franchise owned and operated under license by Landmark Group, a leading retail organization in the Middle East and India. They have over 70,000 members in 58 clubs in 45 locations across the UAE, Bahrain, Qatar, Saudi Arabia, Jordan and Kuwait. They offer world class facilities including; best in class equipment, dedicated free weights areas internationally accredited fitness professionals, free group exercise classes and multiple membership privileges.

Fitness First started small, as a single health and fitness club in Bournemouth in 1993. They are now the largest privately owned gym, health and fitness club group in the world with over 1 million members in more than 400 Fitness First clubs.

Lightcraft were involved with the Fitness First Team from the Design stage when they decided to switch to Green Energy Lighting systems from the Conventional fixtures that they had been using. Design inputs and Lux calculations and efficiency vs cost calculations were prepared by Lightcraft in coordination with our Principles Luxitron LED Architectural Lighting. Total 18 Clubs so far have been supplied in the Middle East with LED Lighting fixtures. All LED Panels, strips, spotlights, down lights are from Luxitron LED Architectural Lighting.
Al Ain Rotana, situated in the heart of Al Ain and few minutes away from the famed sites of the city. This renowned 5 star property is conveniently located near the commercial hub of Al Ain and is 25 minutes drive from the Al Ain International Airport, 120km from Dubai International Airport and 160km from Abu Dhabi International Airport. It has 246 elegant suites, rooms, poolside chalets and villas.

Lightcraft supplied the complete Decorative, Architectural, Landscape and Swimming Pool Lighting for the Chalets which involved many international brands from Europe and custom made decorative lighting from Sislee Lighting.
Park Regis Kris Kin Dubai is a 360 Room 4 Star Hotel in the Heart of Bur Dubai, U.A.E. A brand of the Staywell Hospitality Group.

Lightcraft supplied and commissioned all the Light Fixtures for the Public Areas which included the Lift Lobbies, Banquet Halls, the Wine Bar – The Kris Restaurant, Le Metro – International all day dining restaurant, Marhaba – Coffee Shop.

**Project:** Park Regis Kris

**Client:** JC Maclean

**Stage:** Completed
**Project:** Crown Plaza Hotel Dubai Festival City  
**Client:** Al Futtaim Carillion  
**Stage:** Completed

*Crown Plaza Dubai Festival City* is within the Dubai Festival City Complex and the Pristine Al Badia Golf Course designed by renowned Golf Architect Robert Trent Jones II.

*Lightcraft* have worked with the Contractors of the Project Al Futtaim Carillion and supplied the Lights in all the Rooms and some of the Public Areas – Spotlights, Reading Lights, Table lamps & Furniture Lighting and various Back of house areas, Spa and outdoor. The Project was designed by PLD of Singapore.
**Water’s Edge**: in the Burj Area, is a mixed-use luxury serviced apartment tower, ideally located for those who enjoy being in the middle of the action in the Burj Area.

Living here is for people who seek to be associated with a vibrant community of the like-minded. To ensure that you have the perfect living environment, Water’s Edge is a Dubai property investment that has the most sophisticated and modern amenities.

You can also unwind by taking advantage of the wide variety of fitness and leisure facilities that this unique development has to offer. This slice of Dubai real estate has every modern convenience included.

**Lightcraft** have supplied all the commercial lighting for the common areas of the Project for parking, corridors, staircases, utility rooms, roof etc.
The Vogue, in the Burj Area, is a mixed-use luxury serviced apartment tower, ideally located for those who revel in the verve of the Burj Area. Living here is for those who desire a place of their own within a vibrant community of like-minded individuals.

A leader in luxury serviced hotel apartments in Dubai, the development strategically overlooks the Burj Area, Al Khail Road and is within walking distance of the world's largest shopping mall.

Managed as per five-star international hotel standards by DAMAC Maison, The Vogue offers a Dubai real estate investment, personalized to very high standards.

Lightcraft have supplied all the commercial lighting for the common areas of the Project for parking, corridors staircases, utility rooms, roof etc.
The Cosmopolitan, in the Burj Area of Dubai, is a stunning 19-storey mixed-use luxury serviced apartment tower, for those who thrive on the buzz of the city.

Lightcraft have supplied all the commercial lighting for the common areas of the Project for parking, corridors staircases, utility rooms, roof etc.

**Project:** The Cosmopolitan  
**Client:** Damac  
**Stage:** Completed
Presenting, the next phase of Capital Bay – a 16-storey tower in Dubai’s central business district, Business Bay. Managed by NAIA Hotel Apartments, Capital Bay comprises a mix of studios, one, two and three-bedroom serviced apartments, offering access to the heart and soul of the city. This is the new highlife. Capitalize now!

Lightcraft have supplied all the commercial lighting for the common areas of the Project for parking, corridors staircases, utility rooms, roof etc.
Fiber Optic Lighting various villas

**Project:** Project: Fiber Optic Lighting various villas

**Client:** various

**Stage:** Completed

**Lightcraft** specialize in Fiber Optic Lighting and we have done many swimming pool, jewelry stores and ceiling projects with Fiber Optic Lighting. We can design, install and commission a Fiber Optic system. These pictures are for some of the projects that have been completed.
Al Hamra Palace Beach Resort, located on the pristine shores of the Arabian Gulf. Previously known as Al Hamra Residences, Al Hamra Palace Beach Resort takes full advantage of its scenic location with enthralling rooms and a vast array of recreational activities.

Al Hamra Palace Beach Resort features 117 stunning suites, all boasting relaxed ambience and exceptional views. Evoking the area’s rich culture, rooms feature traditional and stylish Arabic design with a modern twist.

With the white sand beach just a stroll away and its close vicinity to the various tourism attractions of Ras Al Khaimah, Al Hamra Palace Beach Resort gives you every reason to extend your stay and relax.

Lightcraft were involved in the supply and lighting calculation of the LED street lighting for all the street lighting in the Project.
Credence High School is situated off Shaikh Zayed Road, behind Al Khail Mall, with a sprawling campus, spacious enough to provide and fulfill all the facilities that every child requires. Academic facilities include a library, lab, music and dance hall as well as a multi-purpose hall, which can be used for indoor sports, cultural activities and dining. The outdoor sports activity will include a football field, track, basketball, volleyball, cricket nets & swimming pool.

Lightcraft was chosen by the developers of the school amongst many other suppliers to provide Design, Supply, Installation and Testing of the High mast Lighting System for the Football field, track, basketball, volleyball, cricket nets & Cricket Nets. The scheme was done using 18m High mast Poles and 1000W Metal Halide fixtures to achieve an average of 650 Lux.
